### Leather Folding Luggage

Having problems finding storage space? Want to get shipping costs down? Don't worry! Let this innovative, folding luggage solve your problems! Perfect for tight storage or lowering shipping costs, simply by unzipping the panel at both ends and folding them flat, the bag size decreases by about 40%! Also, it's easy to unassembled the bag by unzipping the panels. Other features include a padded sleeve for a laptop in the front large compartment, and two smaller zip-pockets with space for documents or accessories. In the main compartment, three mesh zip-pockets store smaller travel accessories. A soft spring carry handle, pull-up handle system and recessed wheels round out the functional features. Made of NAPA leather.
